

 **PRECON  
BLOCK PAVING**

# BUILDING INTELLIGENCE

*ALL MATERIALS ARE SOURCED DIRECTLY FROM OUR OWN QUARRIES ACROSS SCOTLAND.*

## CONSISTENT QUALITY

*Precon Block Pavings utilise an intelligent Kraft curing system that accurately controls temperature and humidity, resulting in brighter colours, qualities consistent in every single paving block we make.*

This intelligent curing gives higher early strength, resulting in more durable products with a higher resistance to freeze thaw and chloride attack. Our state of the art manufacturing facility results in accurate repeatability of the manufacturing

- Brighter colours
- Local natural by-product from our own aggregates
- Intelligent Kraft curing ensures higher early strength, durability and greater resistance to Chloride attack
- Unique ability to blend colours giving a distinctive product
- Use of market leading Iron Oxide supplies ensuring longevity of colour retention
- Ability to make bespoke, accurate repeatable colours
- State of the art manufacturing facility
- Precision steel moulds ensure dimensionally accurate block pavers

**BETTER  
BLOCK PAVING.**

**BETTER  
ALL ROUND  
RESULTS.**

*Precon Block Paving offers a traditional, popular and versatile solution for both domestic and commercial applications. Precon Block Paving is available in a wide variety of vibrant colours and three thicknesses:*

**PRECON 50MM**

Perfect for driveways, patios, paths and garden areas.

**PRECON 60MM**

A thicker block, suitable for use in driveways and lightly trafficked roads - capable of withstanding heavy domestic vehicle traffic.

**PRECON 80MM**

This block offers a suitable, hardwearing solution for commercial sites with heavier vehicular traffic.

**PRECON AQUA PERMEABLE BLOCKS**

Our range of Aqua permeable block paving offers excellent drainage characteristics and meets relevant local planning requirements. They are available in 60mm and 80mm thick options and in all colours.

# NATURAL

Block	Type	Sizes	Weight per Pack	Area per Pack
Natural	Concrete Paving Block	100 x 200 x 50mm	1.03T	9.76m <sup>2</sup>
		100 x 200 x 60mm	1.05T	8.08m <sup>2</sup>
		100 x 200 x 80mm	1.06T	6.16m <sup>2</sup>

# CHARCOAL

Block	Type	Sizes	Weight per Pack	Area per Pack
Charcoal	Concrete Paving Block	100 x 200 x 50mm	1.03T	9.76m <sup>2</sup>
		100 x 200 x 60mm	1.05T	8.08m <sup>2</sup>
		100 x 200 x 80mm	1.06T	6.16m <sup>2</sup>

# GRANITE

Block	Type	Sizes	Weight per Pack	Area per Pack
Granite	Concrete Paving Block	100 x 200 x 50mm	1.03T	9.76m <sup>2</sup>
		100 x 200 x 60mm	1.05T	8.08m <sup>2</sup>
		100 x 200 x 80mm	1.06T	6.16m <sup>2</sup>

# RED

Block	Type	Sizes	Weight per Pack	Area per Pack
Red	Concrete Paving Block	100 x 200 x 50mm	1.03T	9.76m <sup>2</sup>
		100 x 200 x 60mm	1.05T	8.08m <sup>2</sup>
		100 x 200 x 80mm	1.06T	6.16m <sup>2</sup>

# BRINDLE

Block	Type	Sizes	Weight per Pack	Area per Pack
Brindle	Concrete Paving Block	100 x 200 x 50mm	1.03T	9.76m <sup>2</sup>
		100 x 200 x 60mm	1.05T	8.08m <sup>2</sup>
		100 x 200 x 80mm	1.06T	6.16m <sup>2</sup>

# MARIGOLD

Block	Type	Sizes	Weight per Pack	Area per Pack
Marigold	Concrete Paving Block	100 x 200 x 50mm	1.03T	9.76m <sup>2</sup>
		100 x 200 x 60mm	1.05T	8.08m <sup>2</sup>
		100 x 200 x 80mm	1.06T	6.16m <sup>2</sup>

# BURNT OCHRE

Block	Type	Sizes	Weight per Pack	Area per Pack
Burnt Ochre	Concrete Paving Block	100 x 200 x 50mm	1.03T	9.76m <sup>2</sup>
		100 x 200 x 60mm	1.05T	8.08m <sup>2</sup>
		100 x 200 x 80mm	1.06T	6.16m <sup>2</sup>

# BUFF

Block	Type	Sizes	Weight per Pack	Area per Pack
Buff	Concrete Paving Block	100 x 200 x 50mm	1.03T	9.76m <sup>2</sup>
		100 x 200 x 60mm	1.05T	8.08m <sup>2</sup>
		100 x 200 x 80mm	1.06T	6.16m <sup>2</sup>

# BRINDLE AQUA PAVING

Type	Sizes	Weight per Pack	Area per Pack
Aqua	100 x 200 x 60mm	1.05T	8.08m <sup>2</sup>
Permeable	100 x 200 x 80mm	1.06T	6.16m <sup>2</sup>

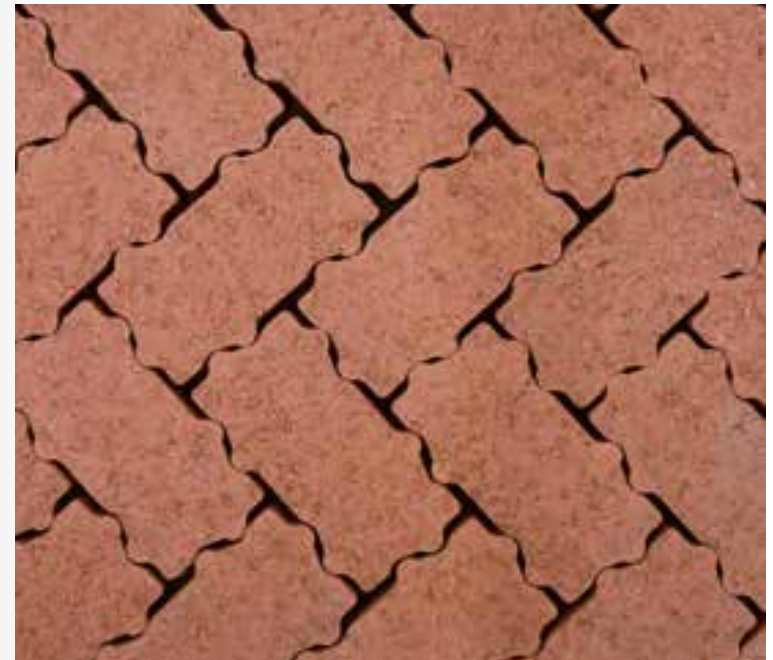

Aqua Permeable Blocks are available in all colours.

# RED AQUA PAVING

Type	Sizes	Weight per Pack	Area per Pack
Aqua	100 x 200 x 60mm	1.05T	8.08m <sup>2</sup>
